## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2, 6, 7, 14-21, 24-33 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reasons for the indication of the allowability of claims 1, 2, 6, 7, 14-21 and 24-33 are:

Regarding claims 1, 2, 6, 7, 27-30 and 33, the prior art does not teach or fairly suggest in combination with the other claimed limitations a fiber optic module package comprising a lid having a cylindrical-shaped slot extending around a perimeter of the lid.

Regarding claims 14-21 and 24-26, the prior art does not teach or fairly suggest in combination with the other claimed limitations a fiber optic module package comprising a module housing having a knife-shaped edge that bites into a bottom surface of the lid when the lid is pressed onto the module housing to form a metal-to-metal contact sealing mechanism, wherein the lid and the module housing are held together when a portion of the lid enters into the cavity and forms a holding pressure points proximate the upper wall of the cavity that interlocks the lid and the module housing.

Regarding claims 31 and 32, the prior art does not teach or fairly suggest in combination with the other claimed limitations of the lid and the module housing being held together when the outer wall of the slot of the lid enters into the side slot of the module housing to form a holding mechanism.

These limitations are found in claims 1, 2, 6, 7, 14-21 and 24-33, and are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
